

The management system of

# METROVISION

4 rue des platanes  
Perenchies, 59840, France

has been assessed and certified as meeting the requirements of

## Directive 93/42/EEC on medical devices, Annex II (excluding Section 4)

For the following products

**Vision Monitor:**  
device for testing visual functions based on electrophysiological,  
psychophysical and video-oculography techniques.

Where the above scope includes class III medical device(s), a valid EC Design Examination Certificate according to Annex II (Section 4) is a mandatory requirement for each device in addition to this certificate to place that device on the market.

This certificate is valid from 16 December 2019 until 18 March 2023  
and remains valid subject to satisfactory surveillance audits.

Issue 1. Certified since 01 July 2015  
and first certified by SGS Belgium NV since 16 December 2019

Certification is based on reports numbered BE/AND 14/1211.QMD
